

# **SHORT TERM DISABILTY**

Why is Short Term Disability so important?

Because it insures your income.

You need to protect the reason why you go to work every day – your ability to earn a paycheck. It is your biggest asset and one of the first things you should insure. Disability is simple – If a physician states that you are unable to work due to an accident or illness, you can get paid under a disability policy.

Allstate Disability Insurance is being offered to members of SEIU at payroll rates. It is being offered on a Contingent Guaranteed Issue basis, which means individuals who normally wouldn't qualify for disability insurance due to health problems, may qualify now.

Here's how it works...

- For an off-the-job accident, coverage begins the first day your physician states you cannot work.
- For an illness, coverage begins 7 days after the first day your physician states you cannot work.
- Coverage lasts up to 6 months.
- The benefit is 60% of your gross wages.
